Driver Identified In Fatal Collision

Wapato, WA. – April 15, 2009, at about 6:05 PM a collision occurred when a vehicle struck two power poles on Campbell Road, 1 mile west of Wapato. The driver involved in the collision was identified as Angela Bueno, age 43, of Wapato. Bueno was driving her 1994 Chrysler south on Campbell Road when her vehicle left the roadway striking two power poles. The collision resulted in a fire and hazardous material leak when oil containing PCB leaked from a damaged power regulator which fell from one of the poles. Troopers continue to investigate as to the cause of the collision.

Pacific Power reported 600 – 800 customers lost power until power was restored at 12 AM. Campbell Road opened early this morning after crews finished the initial decontamination and clean up of the hazardous oil. Work will continue along Campbell Road to repair the damaged pole and to replace the regulators.

Next of kin has been notified;
